Problem

Kya ye aapki bhi kahani hai?

Creator aur business pages par hum sabse zyada yahi problems dekhte hain.

1 lakh+ followers hain. Pehle 50K views aate the, ab 3–4K.

VIEWS

Regular post karte hain, phir bhi enquiries aur sales nahi aati.

BUSINESS

Ek Reel ki editing mein 3–4 ghante chale jaate hain.

TIME

Brand deals kabhi-kabhi aati hain — kabhi steady nahi.

BRAND DEALS

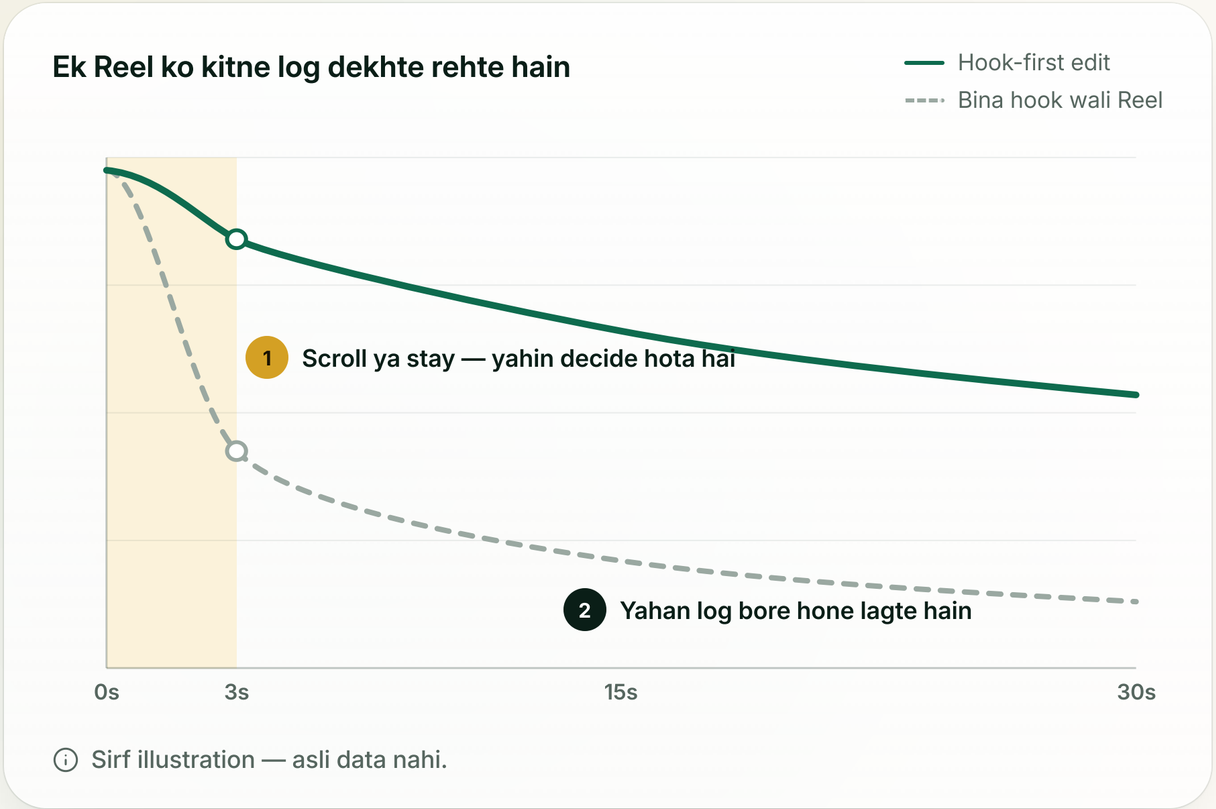

Samajh nahi aata kya post karein — aur kya NAHI.

CLARITY

→ Inme se ek bhi baat aap par fit baithti hai? Agli 2 slides batati hain ki aisa kyun hota hai.

Problem 1 · Views

Views yun hi nahi rukte.
Woh 4 jagah se leak hote hain.

01 Pehle 3 second

Screen par koi clear hook nahi — ya wahi purana hook style, jise aapki audience ab aadatan scroll kar deti hai.

02 Beech ka hissa

Slow intro, na captions, na cuts. Bahut log bina sound ke dekhte hain — dhyaan bhatak jaata hai.

03 Topic

Random posts. “Kya post karna hai, kya NAHI” clear na ho, toh Instagram samajh nahi paata ki aapki Reels kiske liye hain.

04 Rhythm

Editing mein ghante lagte hain, toh posting irregular ho jaati hai — aur audience door hone lagti hai.

Problem 2 · Business

Sirf views se kamai nahi hoti.
Business tak ka raasta toota hua hai.

01
Views
Log aapko dekhte hain.

02
Trust
Woh follow, save karte hain aur wapas aate hain.

03
Action
Woh DM, comment, booking ya purchase karte hain.

GOAL
Business
Enquiries, sales aur brand deals.

Aapka niche clear nahi
Bio aur Reels mein clear niche ya positioning nahi.

Agla step clear nahi
Reels bina ye bole khatam ho jaati hain ki comment, DM, booking ya purchase karein.

Brands ko aapki value nahi dikhti
Na media kit, na rate card, na audience ki clear story.

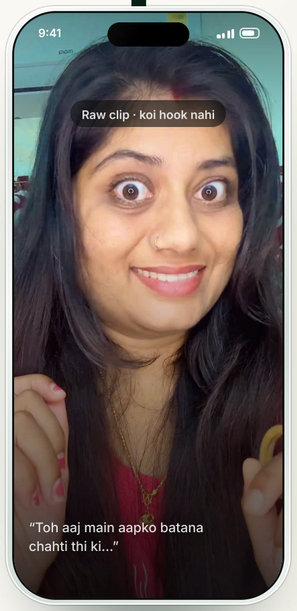

→ Creators ke liye goal hai steady brand deals; doctors, coaches aur brands ke liye — patients, students aur customers. Sirf views nahi.

Fix

Aap record karein. Baaki hum.

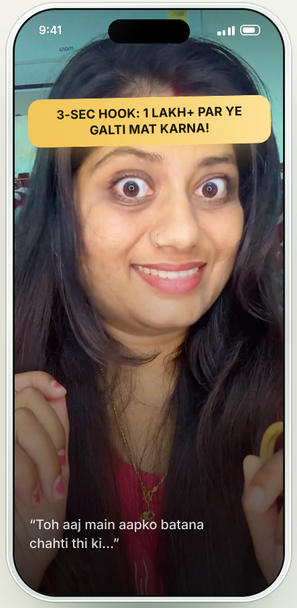

Script hum bhejte hain, aap ek clip record karte hain. 4 steps baad Reel post ke liye ready — Hindi, Hinglish ya English mein.

Illustration — founder ki photo se bana mock-up, asli before/after nahi.

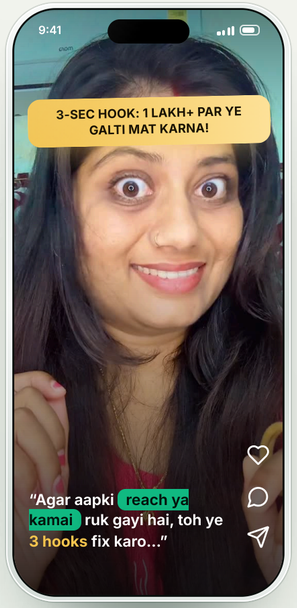

01 Record

Hamari bheji script apne phone par record karein — hafte mein lagbhag 30–60 minute. WhatsApp par bhej dijiye.

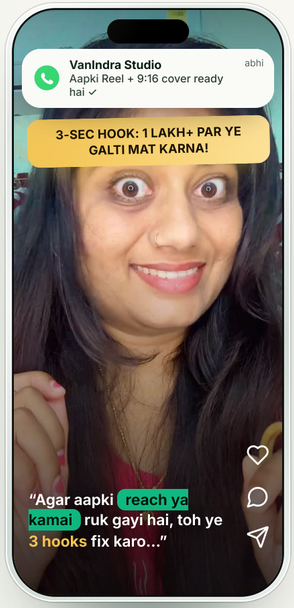

02 Hook

Pehle 3 second mein screen par aisa hook jo scroll rok de.

03 Edit + captions

Fast cuts, Hindi-English captions, saaf audio aur 9:16 cover.

04 Post ke liye ready

Wapas WhatsApp par. Footage milne ke 48 working ghante mein pehla edit.

Hum kya sambhalte hain

Har leak ka fix hai.
Aur hum bilkul yahi karte hain.

KAHAN LEAK HOTA HAI	HUM KYA KARTE HAIN	AAPKO KYA MILTA HAI
Pehle 3 second	**Hook-first scripts**	Har script pehle frame se hook ke saath shuru — Hindi, Hinglish ya English mein.
Beech ka hissa	**High-retention editing**	Har kuch second mein cut, Hindi-English captions, saaf audio aur 9:16 cover.
Topic	**Kya post karein, kya NAHI**	30-din ka content calendar, jise founder Vandana Yadav khud check karti hain.
Rhythm	**Weekly scripts + edits**	Lagatar Reels — aur aapko hafte mein sirf 30–60 minute record karna hai.
Views → business	**Clear CTAs + positioning**	Har Reel mein agla step; Pro Growth mein media kit, rate card aur brand pitching (deal ki guarantee nahi).

Human-checked

AI research aur first draft mein madad karta hai; har Reel hamari team rewrite, edit aur approve karti hai. Health claims source se check hote hain, aur aapki approval ke bina kuch final nahi hota.

Proof

Asli accounts.
Khud check kar lijiye.
